## **Fly-In Verona 2023**

from Thursday 15th - Sunday 18th June 2023

### **An art-themed MMIG46 Fly-In**

The Verona Arena is an extremely well-preserved Roman amphitheatre from 30 AD and is also the second largest surviving ancient theatre after the Colosseum in Rome. Today there is seating for 22,000 spectators to enjoy operatic festivals of the highest standard in a unique atmosphere.

Ladies and Gentlemen,  
Dear PA46 enthusiasts,  
Dear members,

In 2023 Verona would like to impress us!

The exclamation mark does not only stand for the most famous sights in this city of the northern Italian region of Veneto. No, it is the personal experience of a historic old town with Roman roots, which has been a UNESCO World Heritage Site since 2000.

The **Byblos Art Hotel Villa Amista**, in Corrubio de S. Pietro in Cairano, an extraordinary 5 star L hotel awaits us, which, in addition to its world-famous art, also boasts a 1 star Michelin restaurant.

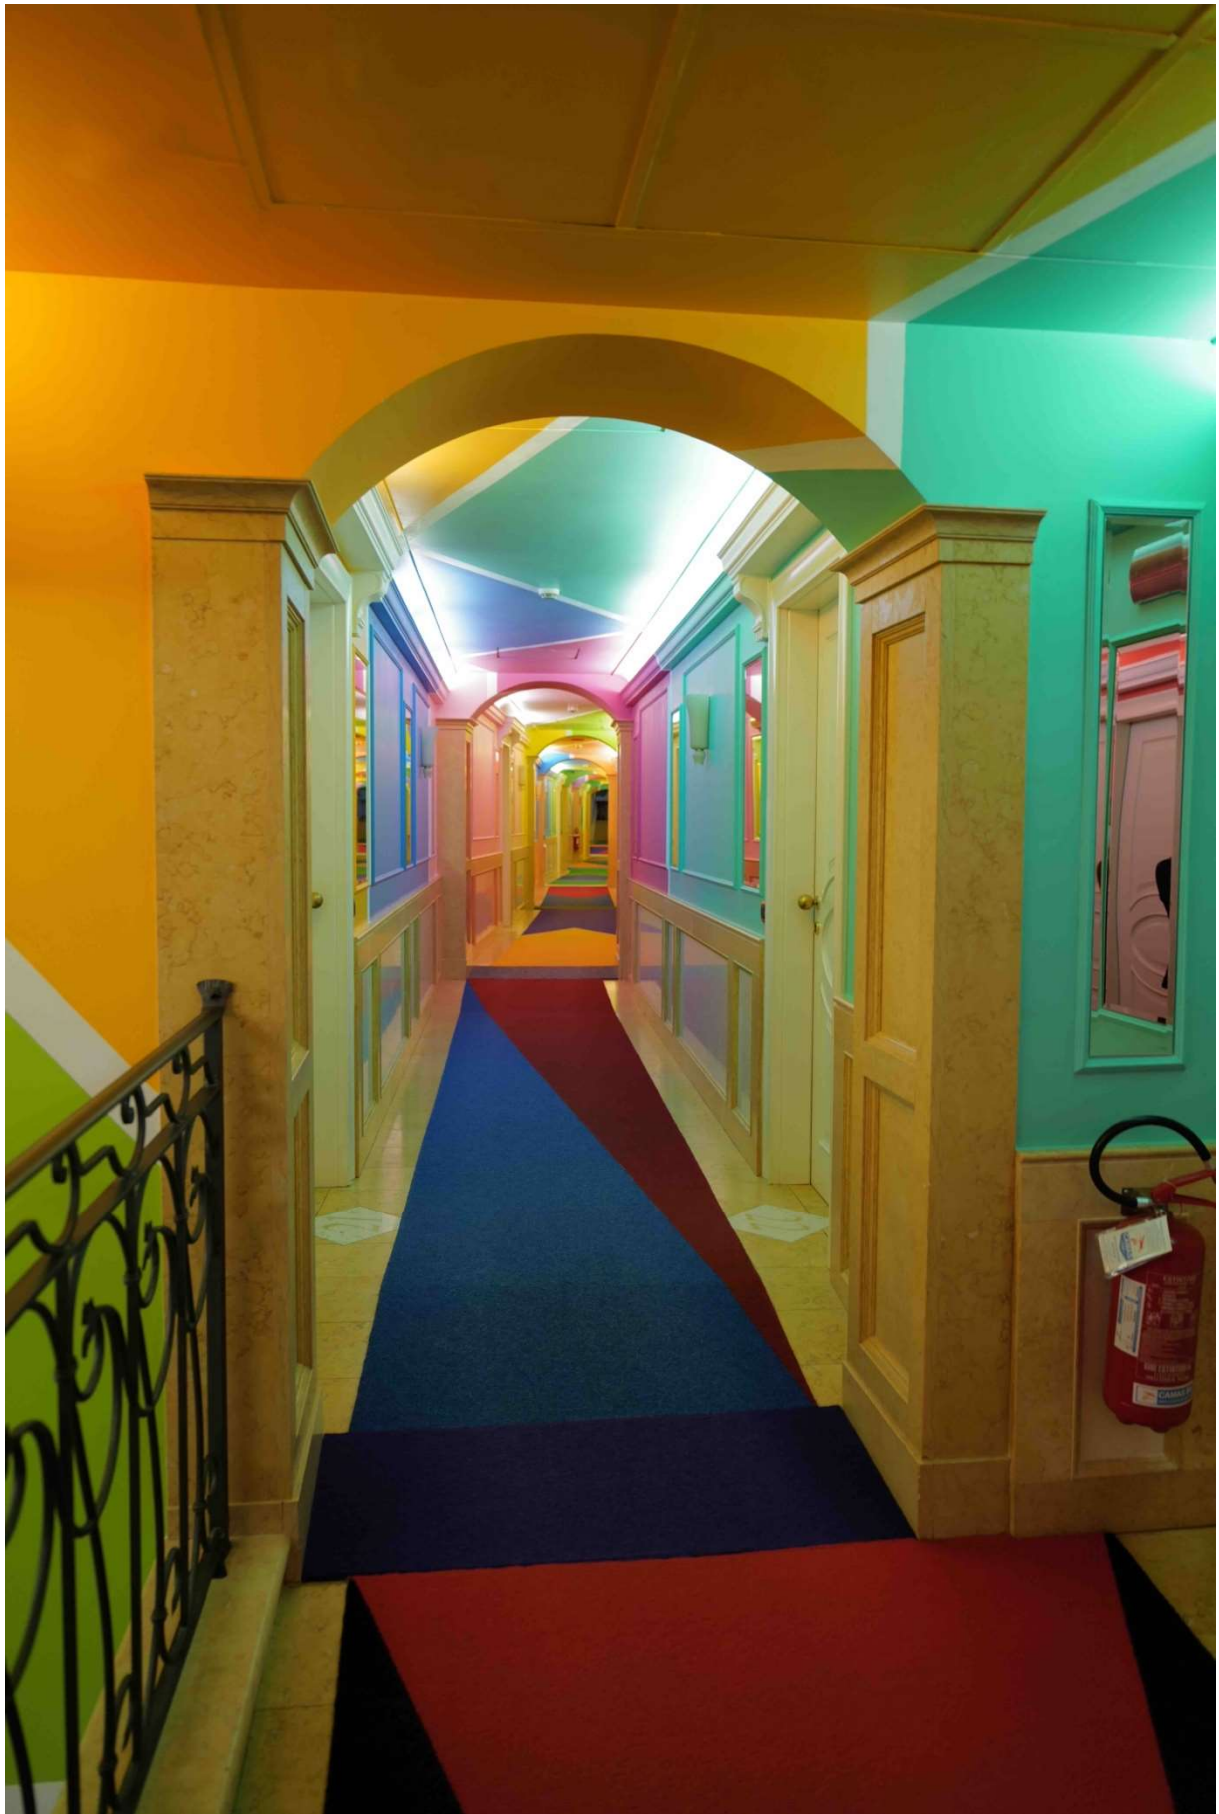

## DESIGN

The originality of the interior design of the Byblos Art Hotel is the result of the creativity of Alessandro Mendini, the architect and designer who combined contemporary elements to the classical Villa Amistà.

Bright colours and sculpted shapes join paintings and marble elements in the 17th-century rooms to create a unique and exclusive project: a permanent exhibition of some of the world's most prominent artists and designers, such as Ron Arad, Philippe Starck, Marcel Wanders, Ettore Sottsass, Eero Saarinen, Eero Aarnio and many more.

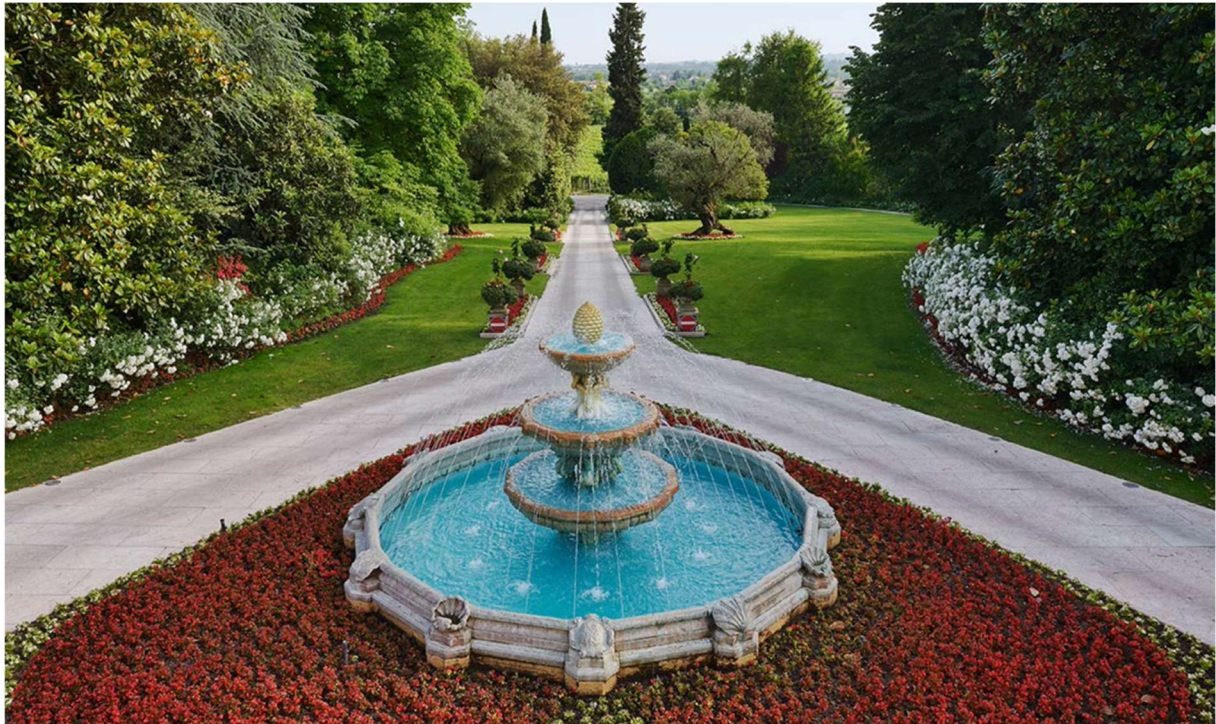

The Byblos Casa Project by Mendini is said to be inspired by the same philosophy: furniture and stylish objects representing a brilliant "Revival" style, starting with the famous "Proust armchair".

The classic and modern combine to create an atmosphere rich in memories and yet shining into the future.

Byblos Casa combines the contemporary style of the fashion label Byblos, which means colours, glamorous prints and an innovative use of fabric patchwork, with the creative skills of the Mendini Studio, which also includes

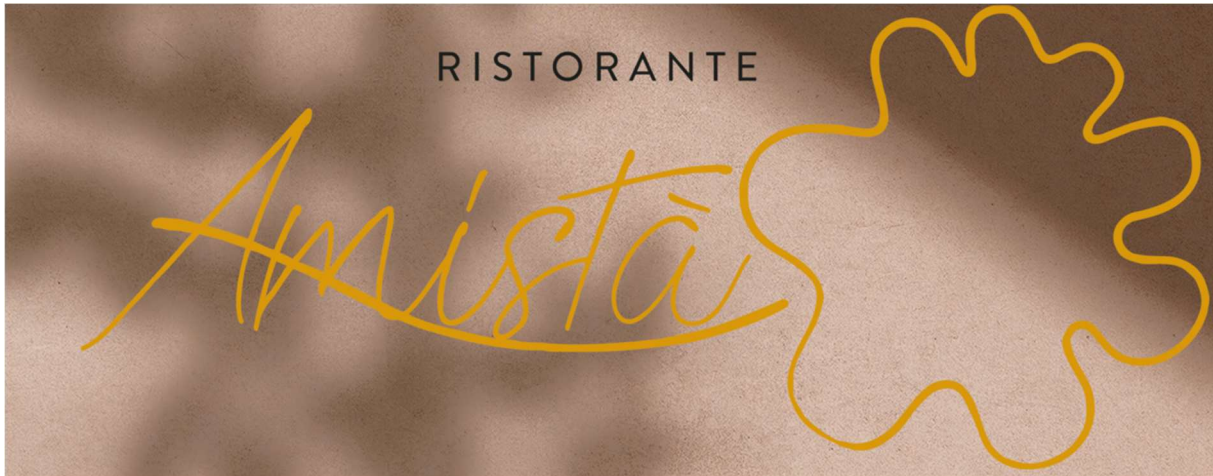

the contribution of other important designers such as Anna Gili, Bruno Gregori, Margarini- Morra, Beatrice Millar.

## THE PARK

A beautiful park of 20,000 square metres provides an evocative setting with fountains in Verona marble and an elegant classically shaped deck-level pool. The Italian garden, in the fashionable style of the 18th century, has magnificent centuries-old plants.

Gourmet experience in the 1 star restaurant at the Villa Amista.

In this way it is not only possible for us to experience special contemporary art, but also to be well looked after. You will be impressed!
