## Fly-In Wörthersee 2026 – The place to be!

Thursday, 11th – Sunday, 14th June 2026

### Airport Klagenfurt LOWK

### Airport Klagenfurt LOWK

Dear members,

“Our” Hotel *Schloss Seefels* is an oasis of luxury and style. The result: a “non-fungible *Seefels*”, a **place to see** and a **place to be**. A new kind of luxury that amazes with surprises from room to room, while its

generous space with 30,000 m<sup>2</sup> of Castle Gardens, the Restaurant-Terrace with more than one seat per guest, and as many staff as guests is unique. The restaurants, with three Gault Millau toques, in the Hotel Schloss *Seefels* provide a culinary journey of the superlative.

Having enjoyed ourselves there during our Fly-In 2025, we have decided to further explore Carinthia in the vicinity of the hotel in 2026.

This will also contribute to the smooth change of President of the MMIG46. On 22.11.25 our member Dr. Klaus Gerecht was unanimously elected at the Annual General Meeting of the MMIG46.

In 2026, we will also be visiting the sensational *Hochosterwitz* Castle, which was first documented in 860.

"In gratitude for the support of the imperial troops in the war against the Turks, Emperor Ferdinand I transferred the lien on the property of *Hochosterwitz* Castle to Christoph Khevenhüller von Aichelberg, Governor of Carinthia, on November 22, 1541." Culinary delights will also be a focal point - not just at *Schloss Seefeld*.

For example, also at the gourmet restaurant "*Seespitz*" in Velden.

Art and culture enthusiasts will be able to experience a highlight with a visit to the *Liaunig Museum*. Unique architecture that is already listed as a historical monument.

World-class temporary exhibitions await you.

A glimpse into one area of the *Liaunig* Museum.

One further surprise –

Reputedly the best fish restaurant in Austria!

As you can see, we are always good for a surprise, and we'd be very pleased if you would register by 25th March 2026 for the 2026 Fly-In.

The first to register will be allocated the best rooms!

With best aviator greetings

Dr. Klaus Gerech and Wilhelm Schröer
